CAREER PROFILE

Highly skilled and detail-oriented web developer with a strong foundation in full-stack development, specializing in building efficient, scalable, and user-friendly web applications. Proficient in both frontend and backend technologies, with expertise in HTML, CSS, JavaScript, TypeScript, React, Node.js, and MongoDB. Adept at utilizing modern frameworks and tools to create seamless user experiences and robust backend systems. Committed to continuous learning and professional growth, with a focus on delivering high-quality, innovative solutions. Seeking to contribute technical expertise and problem-solving abilities to a dynamic development team.

SKILLS

Languages: Arabic (Native Level), English (Proficient)

- **Frontend Development:** JavaScript, TypeScript, HTML, CSS
- **Backend Development:** JavaScript, TypeScript, Node.js, Express.js, Authentication & Authorization
- **CSS Frameworks:** Bootstrap, Tailwind CSS
- **API Integration:** RESTful APIs, JSON, Axios, Postman
- **Database Management:** MySQL, MongoDB
- **Framework:** React, Redux Toolkit
- **Other:** CLI (bash), Git & Github, npm, OOP, Algorithms
- **Soft Skills:** Problem-Solving, Decision-making, keep learning and improving

KEY PROJECTS

[Digital Tests Website](#) (Frontend [[Source Code](#)] & Backend [[Source Code](#)])
TypeScript, React, Redux Toolkit, Tailwind CSS, Node.js, Express.js, MongoDB

- **Create & Share Quizzes:** Users can create, share, and take public or private quizzes with time-limited, multiple-choice questions.
- **Results & Feedback:** Displays detailed results, including correct answers and performance.
- **Responsive Design:** Optimized for mobile, tablet, and desktop using Tailwind breakpoints.
- **Multi-language Support:** Fully localized in English (LTR) and Arabic (RTL).
- **User Authentication:** Secure login, registration, password reset, and data storage with JWT.
- **Quiz Management:** Add, update, delete quizzes with sharable links.
- **Result Tracking:** Stores quiz results and calculates scores.
- **Internationalization:** Auto-adjusts text direction based on language.
- **Reusable Components:** Modular components for consistency and flexibility.
- **Email Notifications:** Sends account activation, password reset, and deletion emails.

EDUCATION

Bachelor's degree in Computer Science and Information Technology, Jazan University   *June 2022*

Saudi Digital Academy x Integrify Academy Software Development Bootcamp   *December 2023*

- In-depth exploration of front-end development, including React.js, JavaScript, and Redux.
- Comprehensive understanding of back-end technologies, particularly Node.js and Express.js.
- Ongoing learning about the MongoDB database, cloud computing, adding a valuable layer to the full-stack development skill set.
